

Zehnder SC Archibald

Electric operation

Product data sheet

always the best climate

Zehnder Archibald

Always at your service. This unique designer radiator is elegant yet highly functional. Archibald from the Zehnder Studio Collection is the perfect practical bathroom accessory, warming and drying your towels and creating a pleasant, comfortable climate. Seamlessly formed from a single curved steel tube, the shape is as striking as the construction is unique. With Zehnder Archibald, designer Leo Salzedo has created a stylish and contemporary room feature that combines functionality with distinctive design.

Advantages

- Innovative decorative radiator for bathrooms and kitchens
- Designed to take up the minimum of space, it holds up to four towels, which can be heated or dried simultaneously
- Available in the full range of colours in the Zehnder colour chart or with chrome plating.
- Available for operation on central heating systems or electric operation
