

Zehnder Forma Asym

Hydronic operation

Product data sheet

always the best climate

A pleasant heat and a relaxed look for your bathroom through The vertical tubes positioned on the right or left of Zehnder Forma Asym allow you to conveniently slide in towels from one side. Available in almost any colour and finish from the Zehnder colour chart.

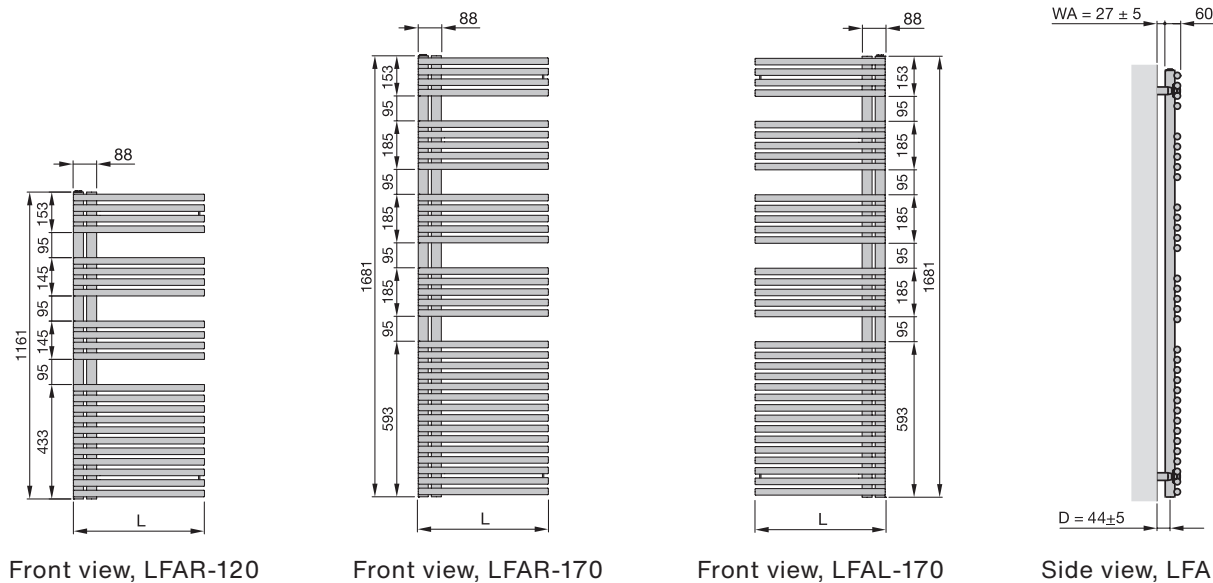

Special benefits for hot water operation

- Flexible installation through top connection options
- Flexible installation through right and left connection options

Advantages

- Relaxed look through cross-connected tubes
- Open access from both sides makes it very convenient for hanging and sliding towels in from the side
- Large wall clearance for snugly towels
- Easy cleaning with the lambswool cleaning brush from Zehnder
- Rounded edges offer added safety
- Diverse range of models with header tubes as a left- or right-hand arrangement
- The optional connection fitting provides the flexibility for all types of connection situations
