

Zehnder Kazeane

Hydronic operation

Product data sheet

always the best climate

Like a steel band that wraps around the bathroom radiator, Zehnder Kazeane impresses with its modern design and practicality. Its oblique rungs are inspired by architectural structures with multiple levels. Large spaces provide the whole family with plenty of room to hang several towels. This linking of form and function transforms Zehnder Kazeane into a radiator that invites comfort and class into the bathroom. Available in any colour and finish from the Zehnder colour chart.

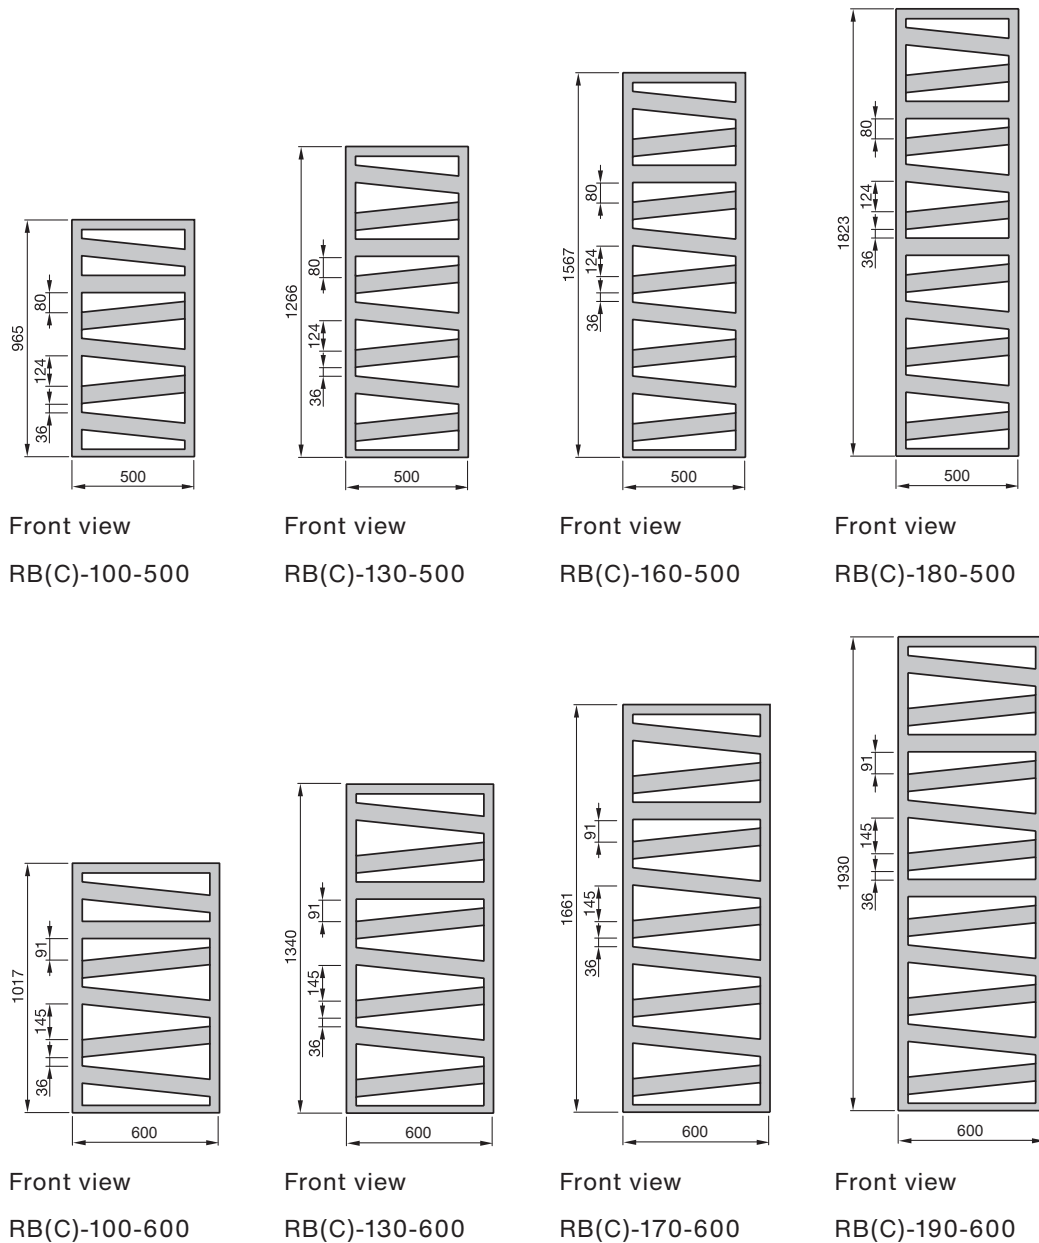

Special benefits for hot water operation

- Flexible installation due to 50 mm centre connections
- Flexible installation through right and left connections

Advantages

- Modern design with diagonal flat tubes
- Perfect for drying several towels – ideal for families
- Ample spaces between tubes make cleaning easy
