

# Zehnder Metropolitan Bar

Electric operation

Product data sheet

always the best climate

Functionality combined with ethereal design for the bathroom: Zehnder Metropolitan Bar makes a strong impression. The light and seemingly airy heating tubes in a flat design maximise radiant heat. It is a radiator and towel rail in one. Available in almost any colour and finish from the Zehnder colour chart.

**Advantages**

- Smooth surface creates an elegant look
- Towel rail for added convenience
- Convenient, individually adjustable towel hooks on request for hanging towels
- High proportion of radiation ensures comfort
- Light and seamless design enhances any room
- The right model for any setting
- Light airy look provided by distinctive triangular profile of frame
- Innovative hybrid welding technology guarantees maximum quality and high-end design

**Special benefits for electric operation**

- Simple temperature control due to user-friendly control device
- Customisable daily and weekly programmes for convenient, on-demand operation
- Timer function for on-demand operation
- Dry-running protection prevents temperature warning
- Comes ready-to-plug for easy and quick installation
- Factory-assembled electric heating element reduces cost of installation
- Energy-efficient and comfortable heating with innovative “open window detection”
- Electric operation provides warm towels and comfortable rooms all year round
- High energy efficiency due to compliance with the European Ecodesign Directive reduces energy costs
- Low energy consumption of only 0.5 W in stand-by mode for increased energy efficiency
- Increased safety with keylock
- Flexible control options: control device for wall mounting or base
