Zehnder Tetris

The rhythm of warmth

Get more
information

Tetris is a tribute to the wavering movement of fluids, to the coming and going of water in the heating circuits and of blood circulation in our body.

Santiago Miranda

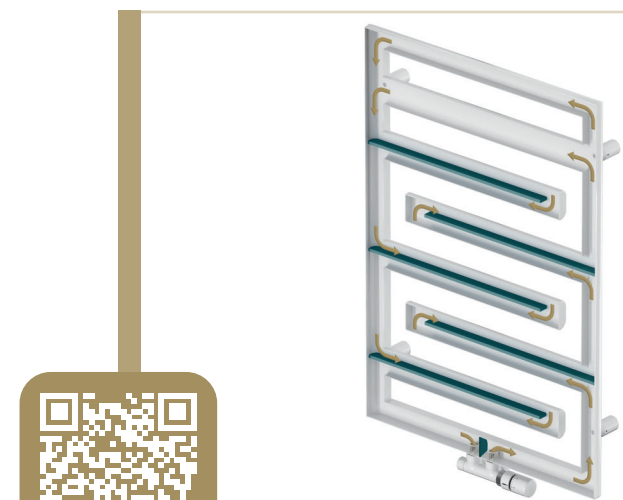

Warming your heart

The Zehnder Tetris Towel Radiator is a stunning masterpiece from renowned design studio King & Miranda.

With Tetris, you don't have to choose between style and functionality.

Its intelligent forced circulation system ensures the even distribution of warmth, creating a cozy atmosphere. With plenty of room to hang and dry all your towels, Tetris sets a vibrant accent into all bathroom spaces.

Additionally, choose from the whole spectrum from Zehnder's World of Colours to find the perfect match for your individual style and interior design.

Dive deep into all the intricate details, specifications, and benefits our product has to offer.

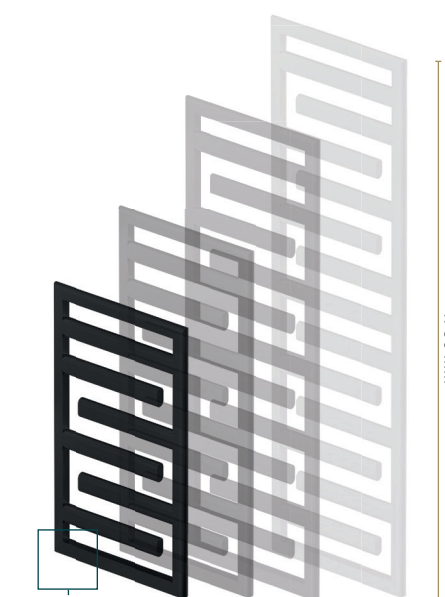

Stunning design High efficiency Easy to use

The colour coordination between the radiator and valves, fittings and thermostats ensures an attractive overall look and a harmoniously elegant appearance for your bathroom.

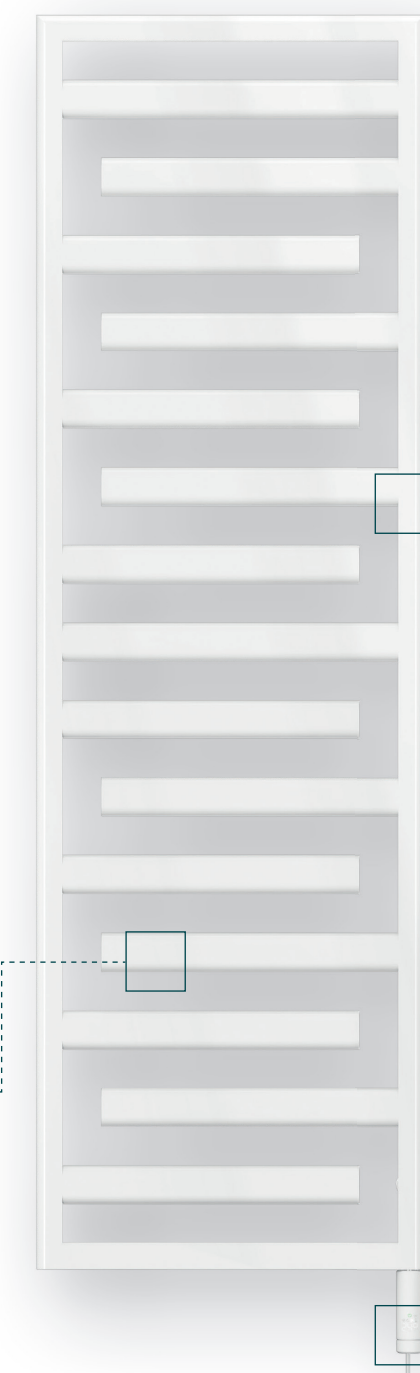

Heating your home

Choose from...
height width
860mm 500mm
1100mm 600mm
1460mm
1700mm
...to ensure optimal fit for all bathroom layouts.

Zehnder Tetris comes in hydraulic, electric and mixed versions tailored to your individual need.

The innovative internal structure optimizes liquid flow for maximum efficiency. This ensures complete comfort and cozy towels within minutes.

Available in a wide range of colours from the Zehnder colour chart

With our new generation of immersion heaters, Zehnder is setting standards that go far beyond heating. Easy to install and with intuitive controls, these immersion heaters provide the maximum user comfort
